Material Safety Data Sheet

RHEOCRETE CNI

Version 2.3  06/29/2006

1. PRODUCT AND COMPANY INFORMATION

Company : BASF Corporation
          23700 Chagrin Blvd
          BEACHWOOD, OH  44122

Telephone : 216-839-7500

Emergency telephone number : (800) 424-9300
                             (703) 527-3887 (Outside Continental US)

Product name : RHEOCRETE CNI

MSDS ID No. : 10349

TSCA Inventory : All components of this product are included, or are exempt from inclusion, in the EPA
                 Toxic Substances Control Act (TSCA) Chemical Substance Inventory.

Canadian DSL : All components of this product are included, or are exempt from inclusion, in the
               Canadian Domestic Substance List (DSL).

3. HAZARDS IDENTIFICATION

HMIS® Rating : HEALTH 2*, FLAMMABILITY 0, PHYSICAL HAZARD 0

WHMIS Class : D2B

Primary Routes of Entry : Eye contact
                         Skin contact
                         Ingestion
                         Skin absorption

Effects of Overexposure

Inhalation : At room temperature, exposures to vapors are unlikely due to physical properties.
             Higher temperatures or mist can generate vapor levels sufficient to cause irritation to
             mucous membranes and other effects.

Skin : Prolonged skin contact may cause skin irritation and/or dermatitis.

Eyes : Can cause moderate to severe irritation, tearing and blurred vision. Prolonged exposure can
      result in more severe irritation and possible corneal injury.
RHEOCRETE CNI

Version 2.3  06/29/2006

Ingestion : May be harmful if swallowed. Can cause severe irritation and possible burns. Intake can cause gastrointestinal irritation, nausea, cramps, vomiting and diarrhea, headache, cyanosis and drowsiness.

Chronic exposure : No known components of this product are listed as known or suspected carcinogens per NIOSH, NTP, IARC, or OSHA.

4. FIRST AID MEASURES

Eye contact : Flush eyes with water, lifting upper and lower lids occasionally for 15 minutes. Seek medical attention.

Skin contact : Remove contaminated clothing. Wash thoroughly with soap and water. If irritation persists seek medical attention. Wash contaminated clothing before reuse.

Ingestion : Do not induce vomiting without medical advice. If conscious, drink plenty of water. If a person feels unwell or symptoms of skin irritation appear, consult a physician. If a person vomits, place him/her in the recovery position. Never give anything by mouth to an unconscious person.

Inhalation : Remove victim from exposure. If difficulty with breathing, administer oxygen. If breathing has stopped administer artificial respiration, preferably mouth-to-mouth. Seek immediate medical attention.

5. FIRE-FIGHTING MEASURES

Flash point : does not flash

Autoignition temperature : not applicable

Lower explosion limit : not applicable

Upper explosion limit : not applicable

Suitable extinguishing media : Use extinguishing agent suitable for type of surrounding fire. Keep containers and surroundings cool with water spray.

Fire and Explosion Hazards : Containers can build up pressure if exposed to heat (fire). Cool closed containers exposed to fire with water spray.

Special Fire-fighting Procedures : As in any fire, wear pressure demand self-contained breathing apparatus (NIOSH approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Methods for cleaning up : Wear appropriate protective equipment (refer to section 8). Take action to eliminate source of leak; prevent from entry into open streams or sewers; contain spill by digging; vacuum up liquid or use absorbent media; remove to storage for disposal and rinse.
residual stain with water.

7. HANDLING AND STORAGE

Handling : Keep out of reach of children. For personal protection see section 8.
Storage  : Keep tightly closed.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Eye protection : Wear as appropriate:
safety glasses with side-shields
goggles
face-shield
Hand protection : Wear as appropriate:
impervious gloves
Body Protection : Wear as appropriate:
impervious clothing
preventive skin protection
Respiratory protection : In case of insufficient ventilation wear suitable respiratory equipment. When workers are facing concentrations above the exposure limit they must use NIOSH approved respirators.
Hygienic Practices : Avoid contact with skin, eyes and clothing. Ensure adequate ventilation, especially in confined areas. Wash hands before breaks and at the end of workday. When using, do not eat, drink or smoke. Handle in accordance with good industrial hygiene and safety practice.
Engineering Controls : Local exhaust ventilation can be necessary to control any air contaminants to within their TLVs during the use of this product.

9. PHYSICAL AND CHEMICAL PROPERTIES

Color : yellow
Physical State : liquid
Odor : slight sweet
pH : Approx. 9.0
Odor Threshold : no data available
Vapor Pressure : no data available
Vapor Density : no data available
Boiling point/range : Approx. 226 °F (108 °C)
Freeze Point : no data available
Water solubility : completely soluble
Specific Gravity : 1.29
Viscosity : no data available
Evaporation rate : Slower than Butyl acetate
Partition coefficient (n-octanol/water) : no data available
VOC Concentration as applied (less water and exempt solvents) : 0 g/l

10. STABILITY AND REACTIVITY

Stability : Stable under recommended storage conditions.
Conditions to avoid : Prolonged exposure to high temperatures
Materials to avoid : Reducing agents, Acids, Activated Carbon, Ammonium salts, and Cyanides. Avoid direct contact with other materials that can cause pH to fall below 8.0 resulting in the possible formation of Nitrogen Oxide gas.
Hazardous decomposition products : nitrogen oxides (NOx)
Hazardous polymerization : Will not occur under normal conditions.

11. TOXICOLOGICAL INFORMATION

### Acute inhalation toxicity

12. ECOLOGICAL INFORMATION

Ecotoxicological Information : There is no data available for this product.

13. DISPOSAL CONSIDERATIONS

Recommendations: Use excess product in an alternate beneficial application. Handle disposal of waste material in manner which complies with local, state, province and federal regulation.

14. TRANSPORT INFORMATION

DOT : Proper shipping name Not regulated
IATA : Proper shipping name Not regulated

15. REGULATORY INFORMATION

SARA 311/312 (RTK)
This product has been reviewed according to the EPA 'Hazard Categories' promulgated under Sections 311 and 312 of the Superfund Amendments and Reauthorization Act of 1986 (SARA Title III) and is considered, under applicable definitions, to meet the following categories:

IMMEDIATE (ACUTE) HEALTH HAZARD DELAYED (CHRONIC) HEALTH HAZARD

SARA 313
This product contains the following substances subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372:

<table>
<thead>
<tr>
<th>Weight %</th>
<th>CAS No.</th>
<th>Chemical Name</th>
</tr>
</thead>
<tbody>
<tr>
<td>3.00 - 7.00 %</td>
<td>10124-37-5</td>
<td>CALCIUM(II) NITRATE (1:2)</td>
</tr>
</tbody>
</table>
CERCLA
CERCLA section 103(a) specifically requires the person in charge of a vessel or facility to report immediately to the National Response Center (NRC) a release of a hazardous substance whose amount equals or exceeds the assigned RQ. The following hazardous substances are contained in this product.

<table>
<thead>
<tr>
<th>RQ</th>
<th>CAS No.</th>
<th>Chemical Name</th>
</tr>
</thead>
</table>

No CERCLA chemicals exist in this product above reportable concentrations.

TSCA Section 12(b) Export Notification
This product contains the following chemical substances subject to the reporting requirements of TSCA 12(b) if exported from the United States:

<table>
<thead>
<tr>
<th>CAS No.</th>
<th>Chemical Name</th>
</tr>
</thead>
</table>

There are no TSCA 12(b) Chemicals in this product.

California Proposition 65
The chemical(s) noted below and contained in this product, are known to the state of California to cause cancer, birth defects or other reproductive harm. Unless otherwise specified in Section 2 of this MSDS, these chemicals are present at < 0.1%:

<table>
<thead>
<tr>
<th>CAS No.</th>
<th>Chemical Name</th>
</tr>
</thead>
</table>

There are no Proposition 65 chemicals known to exist in this product.

16. OTHER INFORMATION

<table>
<thead>
<tr>
<th>Legend</th>
</tr>
</thead>
<tbody>
